### III. Facts

1. Governor Tom Wolfe, and Secretary of Corrections John Wetzel, has conspired to deprive me of my main source of mailing via U.S. Postal Service under false pretenses and unsustainable claims of drugs in order to force me and my family to Pay for E-mails that are free in society from a over priced tablet through Global Tel Link, with over priced songs.
2. My Family is being targeted as they have to mail and receive letters that are taken weeks and even months to reach me and some time not reaching me at all as there is no accountability for the mail. Relatives are dying and I will miss the opportunity to go to Funeral as it all will be over by the time I receive mail.
3. The intimate letters and photographs of my loved ones are being exploited on a Smart Communications Database, and subject to investigation without notice at any time, and held beyond 24 hours in an attempt to circumvent policy by going through an outside source.
4. This Tablet is not accessible to me in the PBUU as a punishment, nor sending and receiving messages, which has surpassed my primary source of mail U.S.P.S, and turned it into a secondary source of mail delaying communication with my family as a punishment.

5. Other states, and Countries have purchased the same tablet for \$39.99, and 49.99, and I have to pay \$160.00, with less Features.
6. Paying For music-per song almost triples the Artist Album price, and a price of \$0.25 per email that's Free or society! I am prohibited through a Forced contract From doing business with other vendor's as the almost Five times in price tablet was not enough for these Blood Suckers.
7. The price in it's self directly targets my Family as and average job in the D.O.C would not afford me a Tablet with a years pay.
8. What the D.O.C Fails to tell society is that a Prisoner works For Free in the State of Pennsylvania as the D.O.C does not provide standard due care, water wear, athletic wear, deodorant, tooth paste, sweat pants, thermals, hangers, dental Floss, etc, they offer a job at 19\$ an hour For a prisoner to obtain these things on their own.
9. This often leads to a person to Forgo something due to paying \$5 to see medical that month.
10. Looks and Tablets are purchase through commissary, and the D.O.C, has placed an abundance of items to avoid items on there, from shampoo, socks, deans, sweatshirts,

toothpaste, and are reFurbishing underwear to force me to purchase them from conversary.

11. This was all strategically done in 2010, when the DOC took it upon them selves to take two envelopes from every person that was paid for by the Inmate General Welfare Fund (Inmate Fund), when the Inmates are suppose to decide how the money is spent. This was at the time MP3 were being experimented with by the DOC.

12. In late 2014, Music stations MTV, BET, and VH1 were taken off the air by the DOC as the DOC has control over stations and have their own stations on cable that they manipulate daily, which was another move to Force me to purchase a tablet as the stations on the tri play the same music all day long, and it can so long taken to news music on above listed stations.

13. Once the Doc. Flipped to a new bubble sheet containing (5) Five number the prices on all conversary purchases stayed the same that included tax, and an additional 6% sales tax was included, not to mention the rise of prices on items each year.

14. As legal guardian the DOC is conspiring with outside vendor to manipulate off of me as a prisoner and my family.

b) Classmate - "If person who buys goods or services for personal use with intent to resell."

Q) Who gets its extension? "The power to Reg process and exclusive scope of those within the pre-lateral make.

Keef's cause went to the heart of the PDI's marketing

participate through a formalized E-DLM815, and  
POI describes that it handles purchase of these defective  
products as PCI controls the purchase and delivery.

I am a special instrument of a PCI monopoly that  
guarantees my independence and personal despatch of  
readiness to follow the same products less.

It is undisputed that Kuefe has ample time to correct his mistakes and stay on the inside. However, one problem  
exists with the Team Owners' Committee's understanding  
of the rules from Part II concerning Indemnities. The  
Team Owners' Committee has failed to recognize that

19. The Governor-Tom Wulff, Sec. of Corrections - I submitted, Kestec / O'Kestec Food Industries, Prison Commissary Industries, Global Tech Corp., Cabela's provided, by and through Superintendent Barry Smith, and Deputy David J. Close, as well as policy forces pressure to consume products through these distributors instead of me shopping around to get more for my buck. I am forced to pay retail prices through a wholesaler.

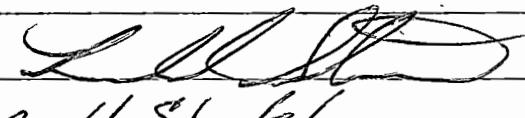

20. Each Industry conspired to bring forth this tablet and disseminate my primary source of communication U.S.P.S.

21. Standard due care is sold by and through commissary and no other me down, stationary, pens, writing under garments manufactured by prisoner's, etc., which makes commissary a privilege and a right. Under Title 18 Pa C.S.A. § 5301-Official Oppression - For an official to deprive or deprive any right, privilege or immunities is a mid-level means or the second-degree.

Wherefore, Plaintiff requests that the court reasonably read this complaint however not fully, pleaded and make inference where needed. Submitted under 28 U.S.C. § 1746.
